Notification

No. RD/WZN/LDN/188/71-73

Some of the low lying field situated along the protective bunds are sometimes converted into pisciculture by the interested parties by making, intentionally or unintentionally, breaches in the bunds and introducing saline waters in the fields in detriment of paddy production generally due to the fact that the income derived from pisciculture is at present higher than from the cultivation of food crops.

Considering that, with the completion of major irrigation projects like Salaulim and Tillari, more areas will be brought under irrigation and keeping in view the likely increase in the areas under irrigation and also the possibility of increased income from pisciculture, Government is hereby pleased to constitute a committee to study and examine the entire problem and submit a report to the Government within a period of three months. The Committee shall consist of the following persons/Officers:—

Non-Official Members:

1. Jaisingrao Rane, M.L.A.—Chairman of the Committee.
2. Dr. Alvaro de Loyola Furtado, Ex. M.L.A.—Member.
3. Shri Jose Damaceno Rebelo, E-Dy. Director of Agriculture—Member.
4. Shri Prabhakar Anglo, Vice-President of Goa Chamber of Commerce and Industry—Member.

Official Members:

5. Principal Engineer, P.W.D.—Member.
6. Collector of Goa—Member.
7. Director of Fisheries—Member.
8. Director of Agriculture—Member Secretary.

The terms of references of the said Committee shall be as follows:—

- i) To what extent food grains production will be affected if permission to convert Khazan land along the protective bunds is granted for pisciculture and whether the loss in the food grains production on that account could be compensated by increased areas under irrigation.
- ii) Whether such areas considered fit for pisciculture should be acquired by the Government and then allotted to landless labourers for pisciculture; and
- iii) Whether the change over in the present policy is to be made now or only when the major irrigation schemes are completed.

The Committee shall be free to consider any other items connected with the aforesaid terms of reference and make suitable recommendation thereto.

The Committee is also authorised, if necessary, to draw up a questionnaire for eliciting public opinion and also to interview persons desiring to be heard on the above referred problems and also to collect whatever information is necessary from any source in connection with the above.

The Chairman and the members of the Committee are eligible for TA/DA as admissible to Class I Government Officers. The expenditure will be debited to the Head of Accounts "44—Irrigation, Navigation, Embankment and Drainage Works-B-Navigation Embankment and Drainage Works-B.2 Establishment-B.2(3) Travelling Expenses".
